

SPENCER E. ANDERSON

DATA SCIENTIST | Python, SQL, Data Visualization

Vienna, Austria (formerly Eden, Utah, USA) · mail@spencer-anderson.com · linkedin.com/in/se-anderson · github.com/sea5000

ABOUT ME

Data scientist and former intelligence analyst. I spent 6+ years in military intelligence fusing multi-source data, leading teams of analysts, and briefing senior leaders under real time pressure. I automate data pipelines in Python, design databases, and build visualizations that turn complex data into decisions. Currently completing an Applied Data Science degree at Modul University, Vienna (Dean's List).

EXPERIENCE

Targeting Officer — EUCOM Intelligence Directorate, U.S. Navy

OCT 2022 - SEP 2024 · STUTTGART, GERMANY

- Identified high-priority targets by fusing structured datasets into large network graphs for key-node identification.
- **Automated data fusion and analysis with self-taught Python**, replacing manual workflows.
- Built graph visualizations that made complex numeric data digestible for senior decision-makers.
- Coordinated with partner agencies across the intelligence community, sharing data with four partner countries.
- Managed collection and requirements; submitted 24+ requests for information to the intelligence community.
- Led equipment and software provisioning for the intelligence group's analytic operations.
- Principal analyst in bilateral and multinational NATO-aligned exercises: ran daily briefs, directed collection, and delivered analytic products to exercise leadership and multinational participants.

PYTHON • SQL • NETWORK GRAPHS • DATA FUSION • PRESENTATION

Intelligence Analyst — U.S. Navy

2018 - 2022 · VIRGINIA BEACH, VA / NORFOLK, VA

- Led a three-person indications-and-warning watch; qualified as Fleet Intelligence Watch Assistant.
- **Authored 150+ briefs and presented them to 120+ officers and senior leaders.**
- Produced 46 intelligence products and 27 trend-analysis briefs for senior Fleet decision-makers.
- **Led and mentored 10 junior analysts; mentored 14 analysts total**; trained four junior officers to qualify as watch officers (120 hours of instruction).
- Analyzed 200+ hours of sensor signatures, fusing multiple streams of information to enhance situational awareness.
- Researched and wrote think tank papers published to wide audiences.

Data Scientist (in progress) — Modul University

2025 - PRESENT · VIENNA, AUSTRIA

- Developing an AI chatbot plugin for Moodle to support teacher/student workflows; running an AI-usage survey study.
- 2nd place in the Women In Data Science hackathon; building end-to-end data projects (collection → cleaning → database → analysis → visualization).

PYTHON • SQL • FIREBASE • ANALYSIS

Lifeguard — Wyndham Worldwide — *Eden, Utah, USA* · 2016 - 2018 — served 10,000+ annual hotel guests; CPR / Red Cross certified.

Digital Technician — Valley Copy — Eden, Utah, USA · 2015 - 2016 — customer design and printing using Illustrator, Photoshop, and large-format printers.

EDUCATION

- Modul University — Applied Data Science, Undergraduate** · Vienna, Austria
Dean's List (2x)
2025 - PRESENT
- Defense Intelligence Agency (DIA)** · Washington, D.C., USA
Network & Link Analysis, Targeting Fundamentals
2023 - 2024
- U.S. Navy Information Warfare Training Command** · Virginia, USA
C4ISR, DB management, intelligence analysis, tactical intelligence
2018 - 2024
- Weber State University / Weber High School** · Ogden, Utah, USA
Concurrent enrollment: 3D CAD, computer science, programming, web design, AP Calculus; FBLA top-10 statewide in computer applications
2016 - 2018

SKILLS

PROGRAMMING & DATA	ANALYSIS	DATABASES	TOOLS & SYSTEMS
Python (data pipelines, automation) SQL HTML / CSS / JavaScript Flask & REST APIs	Multi-source data fusion Link analysis & network graphs Statistical analysis (PCA, k-means) Data cleaning & visualization Research & critical thinking	SQLite (relational design) MongoDB (NoSQL) Firebase	Linux Docker Networking / server mgmt MS Office (advanced) Adobe Photoshop / Illustrator

LANGUAGES: English (Native) · German (A2)

CERTIFICATIONS, ACHIEVEMENTS & AWARDS

- **Joint Service Achievement Medal (2024)** — EUCOM Director of Intelligence; awarded to fewer than 10% of military members.
- **Navy Marine Corps Achievement Medal (2022)** — hand-selected from 10 peers for a multinational maritime exercise; instructed four junior officers.
- **Navy Marine Corps Achievement Medal (2020)** — one of the most junior members to qualify as FIWA; led a critical indications-and-warning watch.

REFERENCE

“Spencer consistently used critical thinking to solve complex problems, which made him often indispensable to both the organization and mission partners. He remains poised under pressure and is a strategic thinker who is willing to assume leadership roles in moments of crisis. Mr. Anderson has a unique blend of technical and tactical proficiency.”

— Senior Branch Chief, EUCOM J2 (Intelligence)
